**EIV System Remains Unavailable**

We have been advised by HUD's Real Estate Assessment Center (REAC) that the EIV system remains unavailable. Although access to the system may be obtained, the data found in the system may not be accurate. As soon as the system becomes fully functional, we will send out a message. Until the system becomes fully functional, O/As should perform third party verifications as done previous to the implementation of EIV. We again apologize for this inconvenience.
